Monique Taylor, MPP Hamilton Mountain

Hello Tina,

I've received confirmation that the jigsaw ribbons you gave Monique will be worn in the Legislature on Monday. Monique will also be making a statement, as will (as I understand it) the Minister of Children and Youth Services. I expect the PC critic will also make a statement.

The way it usually works is that the Minister makes a statement then the critics of the other two parties make their statements.

Thanks for your help in this matter.

GIVING BACK

A 501(c)(3) Charitable Organization

Autism is a developmental disability, also called a neurological disorder which affects the functioning of the brain. It also inhibits a person's ability to communicate and develop social interaction & relationships. It is often accompanied by behavioral challenges and typically appears during the first three years of life. Even with a diagnosis of Autism, no two children are alike!

Autism affects more children than pediatric cancer, diabetes and AIDS combined. Autism isn't a disease, it's a symptom!

In 2003, this charity of choice began for me. I discovered Autism through my younger siblings and their very close friend in school. Through different studies & learning more, it started to weigh heavily on my heart. I wanted to help Autistic children as much as I could. I decided to get more involved, with building awareness and furthering my knowledge of this fast growing disorder. Together, we can (and will) make a difference!

The Canadian National Autism Foundation is a charitable organization based locally, in Hamilton and was formed in 2000.

We would like to invite you to join us in supporting World Autism Awareness Day.

World Autism Day is April 2.

The Corporation of The City of Burlington Office of The Mayor

PROCLAMATION

World Autism Awareness Day

- Whereas** the Canadian National Autism Foundation has declared April 2, 2012 to be World Autism Awareness Day
- Whereas** Autism affects approximately 1 of every 110 people around the world and affects more children than pediatric cancer, diabetes, and AIDS combined
- Whereas** there is no medical detection or cure for autism, but early diagnosis and intervention improve outcomes and this council deems it appropriate to increase awareness about this disorder.

Now therefore, I Rick Goldring, Mayor of the City of Burlington
do hereby proclaim
April 2, 2012 as

"World Autism Awareness Day"
in the City of Burlington

Dated this 12th day of March 2012

Mayor Rick Goldring

Thank You
